It was decided at the meeting of Deputy Commissioners held at Mysore on the 21st inst. that special arrangements should be made for delivery of bonds of and disbursements of interest on the last loan in cases in which this action has not so far been taken. The Amildars are to be entrusted with this duty to be performed by them personally. The Comptroller is requested to suggest the procedure to be followed by the Amildars. It will be convenient if a draft may order is put up for consideration by Government.

2. D.O 185-(2) dt 28.6.21

Bonds have been issued to almost all the subscribers for the last 6½ per cent Loan. In about 400 cases however bonds could not be issued either for want of sufficient information, the particulars furnished in the applications having been incomplete or owing to securities tendered as subscription having been defective and correspondence having become inevitable. A list of subscribers for whom bonds were not issued for the above reasons has been published in the Gazette (dated 16th June 1921). About 90 - cases have been since disposed of.

I am addressing special D. O. communications to Deputy Commissioners to get these cases disposed of as early as possible.

A large number of bonds are locked up in the treasuries without being delivered to parties. All queries from this office elicit the standard reply that intimation has been given to parties but parties have not turned up.

I have also appended a draft notification for delivery of bonds in person, and payment of interest by Amildars, for the approval of Government and issue with any modifications which may be deemed necessary. The circular instructions I propose to issue if the notification is issued, is also appended

Office of the Deputy Commissioner,
Bangalore District,
Dated Bangalore, 24th August 1921.

Dear Sir,

In reply to your D.O.No.Fl.1178-81 dated 23rd instant, re: the delivery of 6½ per cent bonds etc., I write to say that soonafter the receipt of the letter referred by you therein, - strict orders were issued to all the Amildars and the Deputy - Amildar to deliver the bonds and interest to the parties and to report their having done so within a fortnight. As their reports were not received, reminders were sent to them, but no Amildar except that of Bangalore responded to it.

During my recent tour in the District in connection with the loans, some of the Amildars represented to me that the bonds were received rather late, that all the bonds were not received yet and that on account of this ~~delay you had extended the time~~ to the end of this month. It was also represented to me that as the bonds do not in all cases bear full address of the - subscriber it took much time in classifying them on some basis to facilitate distribution. I have found that all the Amildars I came across have delivered large number of bonds and interest and have been advised by me to push through the work vigorously.

I have again asked the Amildars to submit their reports at once and I shall forward this office consolidated statement within about ten days' time.

Yours sincerely,

To

M. N. Krishna Rao, Esq., B.A.,
Financial Secretary to the Government of
His Highness the Maharaja of Mysore,

Memo. 10/2/21

It was as a special measure of popularising this year's loan that it was decided in June last at the Dy Comrs' meeting held at Mysore that special arrangements should be made for delivery of all bonds of the 6% loan in all ~~Each~~ cases in which such action had not been taken. From the tabular statement given above, it will be seen that a large number has since been delivered as a result

~~the~~ special arrangement. When the applicants themselves are not very keen of taking delivery of their bonds, there is no object in troubling the Revenue Officers to go about the villages in search of ~~the applicants~~ unwilling applicants with bonds for delivery & money for payment of interest due to them. Whatever justification there might have been in June last for adopting this special procedure, it does not exist now especially when so many bonds have been delivered and the people have not cared to take delivery of their bonds even when such facilities exist for receiving them & Govt Officers are themselves anxious to get rid of them. In these circumstances the reasons may, it seems, be cast to whom all the undelivered bonds & the Comptroller who will arrange to deliver them in the usual manner on application to him. The advance account may also be closed now before it becomes too late to adjust them. If

Bangalore, dated the 28th June 1921

N o t i f i c a t i o n.

It having come to the notice of Government that a large number of bonds of the 6½% Loan lately issued still remain undelivered at the treasuries and as it is necessary that all possible facilities should be afforded to the subscribers in remote villages and localities who may find it inconvenient to go to the treasury Government direct that the Amildars arrange immediately for a tour being undertaken in the hoblis of their taluqs for delivering the bonds in person and paying the anticipatory interest and interest due on the bonds for the half year ending 31st March 1921 to the subscribers to the above loan. For this purpose each Amildar will be provided with an imprest of Rs.100. The Comptroller is requested to arrange immediately for the Amildars drawing the imprest, and issue necessary instructions for their rendering suitable accounts for the amounts disbursed out of the imprest. [Government consider it essential that the bonds of the 6½% Loan now remaining undelivered should all be delivered to the subscribers before the next loan is floated, and] the Deputy Commissioners are requested to see that the Amildars in their district take up the work <u>at once</u> and arrange for getting daily reports from the Amildars till the bonds are all delivered. Government desire that the bonds should all be delivered to the parties within a fortnight from the date of this order and direct that a report be submitted to Government in the matter on the 20th July 1921.

* The portion within brackets may be omitted if it is considered inexpedient to put it in.

No. 24/P. D.

OFFICE OF THE COMPTROLLER IN MYSORE,

Bangalore, dated 7th July 1921.

To

All Treasury Officers,

As sanction of Government has been communicated in Financial Secretary's Memo No. Fl. 22/G. F. 246-20-7 dated 4th July 1921 for the grant of temporary advances to Amildars for the disbursement of interest on 6¼ per cent State Loan Bonds, in cases in which the bonds have to be delivered by them to the holders in person during their tours, the undersigned has the honor to issue the following instructions in the matter for the guidance of the treasuries:—

(1) An advance may be allowed to each Amildar and Deputy Amildar equivalent to the amounts required on the vouchers for interest prepared for the bonds actually remaining to be delivered at each Treasury. This advance should be drawn on his furnishing duly signed a payee's receipt acknowledging the amount in which should be specified the demand to be met in respect of bonds taken out for delivery each time. The amount paid should be charged in the first instance to objection book advances in the treasury accounts.

(2) The advance thus drawn should be utilised only to pay the interest due on the bonds from 1st October 1920 to 31st March 1921, as anticipatory interest due on the applications to the loan has been either already paid by the treasuries, or is paid by cheques issued by this office.

(3) The bonds with cheques, if any, issued by this office for the amount of anticipatory interest payable to the applicants, should be delivered to them by the Amildars on surrender of the temporary receipts already granted to them by the Treasury Officers. The temporary receipts thus surrendered should be sent to this office every day after acknowledgments are obtained in column 8 of the office copies of the covering lists (L-3), which should be taken by the Amildars with them during their tour and returned to the Treasury for record immediately on their return to headquarters, and after the bonds are delivered.

(4) Payment of interest from 1st October 1920 to 31st March 1921 should be made on the holders furnishing receipts in Form Finl. 157, which should be taken by each Amildar or Deputy Amildar duly filled in for obtaining the signatures of the holders, and the date of payment should be recorded in the appropriate cage on the reverse of each bond by the Amildar or Deputy Amildar personally and the entry attested by him. Form Finl. 157A supplied by the District Treasury in the case of bonds belonging to each holder should also be taken by the Amildar or Deputy Amildar to record payments of interest thereon for the first half-year and the same returned to the Treasury for record on return to headquarters.

(5) Care should be taken that the bonds and interest due thereon up to 31st March 1921 are delivered only to the holders or their natural or lawful guardians or authorised agents and not to others.

(6) On return of the Amildars or Deputy Amildars to headquarters the amount spent for payment of interest should be charged off to '9. Interest on Debt and other objections, 1. Interest on Debt, 6¼ per cent Mysore State Loan, 1940' by credit to objection book advances, and the unused balance refunded to the treasury by credit to the same head.

(7) The above instructions apply to taluks other than headquarter taluks. If there are any bonds, enfaced for payment at District Headquarter Treasuries, to be delivered through Amildars of headquarter taluks or Deputy Amildars of Sub-Taluks attached thereto, the same procedure may be followed. Forms in Finl. No. 157A may be sent to them for temporary use, for recording payment of interest up to 31st March 1921 and these may be cancelled by the District Treasury Officers when returned by the Amildars or Deputy Amildars, after note of payment is made in Form 43 maintained at the District Treasuries.

(8) The advance drawn by each Amildar or Deputy Amildar for the purpose of paying interest on State Loan Bonds, as now authorised, applies only to cases in which bonds have not yet been delivered to the holders by the treasuries and it should be fully adjusted before the end of this month. This should be watched and arrangements should also be made to report direct to this office on 31st July 1921 the fact of such adjustment.

(9) If in any case the advance account is to be kept open beyond the 31st of this month under exceptional circumstances sanction of the undersigned should be obtained before the close of this month.

Dated Tumkur, the 23rd September 1921.

Dear Sir,

With reference to your D.O.letter No.Fl.1791-4 dated the 21st instant in the matter of the delivery of 6¼ % Bonds I write to inform you that on receipt of your letter No.14-21 dated the 4th July 1921 orders were issued to all Amildars and Deputy Amildars to begin the work of delivery of Bonds in right earnest and submit a completion report in time. But owing to heavy work in the District Treasury and for want of hands there the work could not be finished before the 20th of July as was directed.

From the progress reports received from the Amildars and Deputy Amildars it is seen that out of a total Number of 18,729 bonds received by them they have delivered 14,426 and it is expected that all the bonds will have been delivered by the end of the current month.

I shall therefore submit a final report on or about the 3rd proximo.

Sir,

In reply to your D.O.No.Fl.1791-4 dated 21st instant re the delivery of 6½% bonds etc, I have the honor to state that a report of progress made in the several Taluks of this District up to 21st instant was sent to you with this office No.O.C.173 of 21-22 dated 20th/22nd September'21.

2. A statement prepared from information available up to date in this office is enclosed herewith for reference. It will be seen from it that leaving out Closepet Sub-Taluk, which has not sent correct information, a a total of 8006 bonds were received at the several Taluk Treasuries from the Comptroller and out of these as many as 5252 bonds have been delivered leaving 2754 bonds still to be delivered.

3. From the reports of the Amildars it appears that in almost every Taluk there are cases where the bonds ~~where the bonds~~ could not be readily delivered on account of the death of the original subscribers and the consequent need for the settlement of claims of their heirs, as also, cases which present difficulty because the subscribers have either sold or -- mortgaged their temporary receipts. Besides, there is difficulty in getting the presence of the parties either at the Taluk office or at their own places.

4. Instructions have been issued to the Amildars suggesting ways and

and means for speedily disposing of cases like those mentioned above and they have been asked to pay strict attention to this important work. From their reports it appears, that they are constantly touring in their Taluks in order to deliver these bonds promptly.

I have the honor to be,

Sir,

Your most obedient servant.
